Dear Mr. Corradetti:

In accordance with Title 52:35 of the Revised Statutes of New Jersey, and the regulations of the Department of Environmental Protection, you are hereby notified that a classification and rating of A-2/3/5-P which expires on September 7, 2023 has been assigned to you. This prequalification will entitle you to receive all bid packages for projects within these classifications offered by the Office of Coastal Engineering.

I would like to remind you that you are required to provide a contractor's qualification affidavit with each bid on the Office's projects. This requirement has not been eliminated by the acceptance of the questionnaire upon which the above classification and rating is based.

Should you have any questions concerning this determination please do not hesitate to contact me at 732-504-0928 or robert.vonbriel@dep.nj.gov.

Sincerely,

Robert VonBriel
Principal Engineer
